*Connie's Frozen Custard is America's finest frozen dessert. It is made from a 59 year old recipe using only the finest, natural ingredients. Gluten Free. Our hand-made custard machine stirs virtually no air into the product, giving Connie's a smoother, denser and creamier texture than even the most premium ice cream. You'll find Me working nearly everyday in our Houston Store where the custard is made fresh each and every hour. I want to be sure that Connie's Frozen Custard is the best frozen dessert your money can buy!!*
